many of the Senate such legislation in Indian schools were about to be eliminated by the final expiration of the government's appropriations for them.

Senator Bard had not been a member of the Senate Indian Affairs Committee long before a man named E. L. Scharf came to him and suggested that one more annual appropriation be made for the support of sectarian Indian schools. This man said that he represented the Roman Catholic Church and was making the request with the full authority of the heads of that church. It so happened that up to that time Senator Bard had never looked into the matter of government appropriations for the support of sectarian Indian schools, and he told the man who had approached him that he would look into the matter. He did so, and in his own mind decided against favoring such an appropriation and supposed that that ended the matter.

Things went along until March, 1902, when this same man Scharf approached Senator Bard and said that there was now a proposition that the government appropriate \$150,000 per year for two years to support sectarian Indian schools. Scharf told Senator Bard again that he was acting with full authority of the Roman Catholic Church. He said on the occasion of this visit that he had been to confer with the leaders of the Republican party, and "had agreed with them" that if the appropriations were made, the Roman Catholic Church would see to it that Congress "was kept Republican for some years to come." Scharf had with him a tabulated statement covering twenty Republican Congress Districts throughout the United States all close districts, and one of them located in California.

#### CLOSE CONGRESS DISTRICTS.

This tabulated statement of these close Republican Congress Districts showed the total Republican, total Democratic, total Republican (Catholic) and total Democratic (Catholic) vote in each district, and in each instance it appeared that if the Catholics voted solidly they held the balance of power. Scharf told Senator Bard that it was proposed to send out letters to these districts that would swing them certainly to the Republicans, if these appropriations were made. Senator Bard asked Scharf to whom letters could be sent that would result in making the Catholics vote any given way, and asked him if such letters were intended to be sent to the priesthood. Scharf answered that letters sent to the priesthood would be effective.

Scharf also told Senator Bard that this scheme had been submitted to "all Republican members of the Senate Committee on Indian Affairs," and that they were "all in on it." Soon thereafter Senator Bard asked one of his fellow-members of the Indian Affairs Committee if he had ever heard of this scheme, and the member said that he had, and was embarrassed that any such scheme had been proposed. Immediately after all these conversations, Senator Bard wrote out a brief statement of what had happened for his own future use, in case it ever came up.

It is needless to say that Senator Bard absolutely refused to make any arrangements with Scharf, and, it may be added, also, that Scharf had the tabulated statements of all California districts, showing the Catholic vote in each. He also had a circular letter that was proposed to be sent to each of these twenty-seven Congress districts, in which it was set forth that the Republican party was the friend of the Roman Catholic Church, and stating the reasons why.

After Senator Bard had written out his brief statement of what had happened between Scharf and himself, he happened to be talking with Mr. Brodus of Washington, an agent for the Indian Rights Association, and mentioned the occurrence to him. He finally gave to Brodus a copy of the statement that had been written out. Nothing more happened until one day, recently, somebody made a speech in the House of Representatives charging that the money appropriated for Indians were being diverted, contrary to law, to the support of sectarian Indian schools, and an attempt was made in the House to get into the Indian Appropriations Bill an amendment prohibiting, absolutely, any such diversion in the future. That amendment went out in the House on a point of order, and the Indian Appropriation Bill went to the Senate.

It was proposed before the Senate Committee on Indian Affairs to put an amendment into the bill prohibiting such diversion, and today's sub-committee, of which Senator Bard is a member, had a meeting to frame an amendment making this prohibition. Mr. Brodus asked leave to appear before the committee to be heard in support of such an amendment, and while there he said that "a Senator" had told him about the attempts of the Catholic Church to get an appropriation in the past, without mentioning who had told him. When Mr. Brodus was through with his statement, Senator Bard explained that he was the Senator who had furnished his information, and told the whole story to the committee.

Bolled down, the matter amounts to this, that Scharf, claiming to represent the Catholic Church authorities, did try to get an appropriation twice, that he tried to make a political bargain, but that he got not one dollar of an appropriation.

#### BEF TRUST CASES.

LAW TO BE ENFORCED.

BY THE ASSOCIATED PRESS-A.M.

WASHINGTON, Jan. 31.—It can be said by authority that unless the corporations constituting the alleged "Beef Trust" shall heed the injunction made permanent yesterday by the Supreme Court of the United States, the government will institute proceedings against the individual members of the corporation to enforce the decision of the court. The

laws of the trust, the members of the

law, if such can be instituted. The minds of the President and members of his Cabinet are made up fully on the question. They have determined that the "Beef Trust" shall obey the law, and now that the highest court in the United States has upheld the hands of the administration, it is said they will permit no further "dilly-dallying" with the subject.

Today's Cabinet meeting, the President and Secretary of State Moody shared in the congratulations of the members of the Cabinet on the result before the Supreme Court. The President, who made no attempt to conceal his satisfaction at the decision of the court, united with the members of the Cabinet in congratulating the Attorney General. The subject was considered briefly at the meeting, but no definite conclusion was reached as to what action the administration would take in the future, except the general determination to enforce the law as it had been construed by the courts. The President and the members of the Cabinet regard the decision of the Supreme Court as a signal triumph of the law as they have viewed it, and are prepared to carry it into effect absolutely.

#### ARBITRATION TREATIES.

BY THE ASSOCIATED PRESS-A.M.

WASHINGTON, Jan. 31.—All the members of the Cabinet were present at the meeting except Secretaries Hay and Wilson, the former still being confined to his home by a severe cold.

Again the President emphasized his interest in the arbitration treaties pending before the Senate. He holds that the complaints of the treaties are proceeding on the part of the maintainers that they may be used by foreign countries as a basis for action against certain of the Southern States in the collection of old claims.

Some departmental matters were considered at the meeting, the most important of which was the action of Postmaster-General Wynne in notifying John G. Capers, Republican National Committeeman in South Carolina, that he had been dismissed from the service. If, in the future, they pay the expenses of delegates to political conventions. The action of the Postmaster-General was approved by the President and the Cabinet. In principle, the declarations of Mr. Wynne will apply to all other States where such methods are practiced.

#### THE PRESIDENT AND CANAL.

HE WILL CONTROL WORK.

BY THE ASSOCIATED PRESS-A.M.

WASHINGTON, Jan. 31.—The House Committee on Interstate and Foreign Commerce today authorized a favorable report on the Mann Bill abolishing the Panama Canal Commission and placing the government of the canal zone and the work of constructing the canal entirely in the hands of the President.

Added to the bill as an amendment is the bill introduced by Mr. Mann, providing for the acquisition by the government of the 500,000 shares of the stock of the Panama Railroad Company now held in private ownership.

Mr. Shackelford of Missouri will file a minority report presenting his views on the matter, and Mr. Adamson of Georgia reserved the right to file minority views regarding the condemnation of the railroad stock.

#### THE CONGRESS.

CLOSING SESSION.

BY THE ASSOCIATED PRESS-P.M.

WASHINGTON, Jan. 31.—SENATE—Mr. Platt of Connecticut presented a memorial from the Connecticut Legislature asking that his colleague, Senator Joseph H. Hawley, be placed on the retired list of the army, on account of his record during the Civil War.

During the closing hours of the session today, there were several hours of debate, and the Senate adjourned.

Unless the physician finds some trace of poison in the woman's stomach, hope of convicting Hoch of murder will be gone. There will, however, remain many charges of swindling and bigamy on which Hoch will be prosecuted. It probably will be two weeks before Hoch is brought back to Chicago.

Some details of the California end to the history of Hoch were learned by Police Inspector Wheeler today.

## KILLED TWELVE WIVES.

Chief of Police O'Neill Expresses His Opinion of Johann Adolph Hoch—Latter Has California History—Anxious to Go to Chicago.

BY THE ASSOCIATED PRESS-A.M.

CHICAGO, Jan. 31.—Chief of Police O'Neill today declared his belief that Johann Adolph Hoch, alleged to have been married to over a score of women, has murdered at least twelve of them. This statement was made by Chief O'Neill in a letter written to him by Capt. James J. Langan of the detective bureau of New York, in which he requested the police department of that city to follow a clew given through an anonymous letter received by Inspector of Police Shippy from a woman living at the Belvidere Hotel, New York. In this letter, it is intimated that Hoch married two New York women whom he had abandoned.

An attempt was made to have Hoch indicted by the grand jury on charges of wife abandonment and bigamy. The complainants were Mrs. Amelia Augusta Fischer Hoch, Mrs. Anna Hendrickson Hoch and Mrs. Marie Goerk Hoch. It was found, however, that in bigamy cases the wife cannot testify against her husband, and that witness to the marriages must be secured before the action can be taken.

Dr. C. W. Lewke, the coroner's physician, said today that he would ask for a continuance of the inquest over the body of Mrs. Marie Welcker Hoch, whose death led to the revelations of Hoch's much-muddled life in Chicago. At the same time, he said he was engaged to a rich widow in St. Louis, but he preferred to live in San Francisco. He stated that he was a Lutheran priest in the East, and later a liquor drummer in California.

#### EAGER FOR CHICAGO.

BY THE ASSOCIATED PRESS-A.M.

NEW YORK, Jan. 31.—Hoch told the officials at police headquarters this morning that he is anxious to return to Chicago at once. He wanted to face the charges against him in that he said, and has no intention of opposing extradition. Hoch was photographed for the Rogues' Gallery before being taken to court.

When arraigned in police court, he was remanded back to police headquarters for forty-eight hours. As the prisoner was leaving the courtroom, he said: "Yes, I am the man wanted in Chicago, but they are mistaken as to the charges. I am wanted for some trouble I had with my sister-in-law about some furniture."

## GORKY WILL NOT BE HANGED FOR TREASON.

BY THE ASSOCIATED PRESS-A.M.

S. PETERSBURG, Jan. 31.—By Atlantic Cable. The report that Maxim Gorky may be hanged for high treason is without the slightest foundation. Even his friends declare the rumor absurd. The expectation is that he will be released in a few weeks. He was a member of the department of literature and literary men called on Witte, president of the Committee of Ministers, January 21, and all of whom were arrested, but several of whom have already been released.

The only other charge against Gorky is that he was a member of the committee of three appointed to collect funds for the strikers.

Even MO'ARCHS PETITION.

BY THE ASSOCIATED PRESS-A.M.

NEW YORK, Jan. 31.—Maxim Gorky, the author, is not to be hanged, according to an American dispatch from St. Petersburg, for his part in the recent outbreak. Hundreds of telegrams were received from the Russian Embassy, saying that Gorky was being held in prison, but that he was to be hanged.

While this bill was under consideration, Mr. Bacon made inquiry as to whether it was intended to cure the evils relating to local corporations which had been pointed out by the President, and Mr. Gorky replied that he had no benefit in regulating corporations organized in the future, but would not in any way regulate existing conditions. He added that some of the laws of the Senate were not good, and that the problem as it relates to present corporations.

Following this colloquy, Mr. Platt introduced his bill, and on motion of Mr. Gallinger it was referred to the Judiciary Committee. The reference to the Senate's bill was changed from the Committee of Ministers to the Committee on District of Columbia.

In addition to the bill introduced to correct the existing evil, which was introduced by Senator Platt of Connecticut, the Senate passed a bill intended to restrict the number of new corporations and removing the temptation to excessive capitalization.

This is proposed to do by requiring the payment of a fee of 40 cents on every thousand dollars of capital stock of new corporations.

While this bill was under consideration, Mr. Bacon made inquiry as to whether it was intended to cure the evils relating to local corporations which had been pointed out by the President, and Mr. Gorky replied that he had no benefit in regulating corporations organized in the future, but would not in any way regulate existing conditions. He added that some of the laws of the Senate were not good, and that the problem as it relates to present corporations.

The Williams amendment and motion were lost, 79 to 17. The other amendments were then removed and the bill was sent to conference.

After adopting the conference report on the Philippines government bill, the House resumed consideration of the Postoffice Appropriation Bill. The bill was laid aside, and the House at 5:02 o'clock p.m. adjourned.

#### RATE LEGISLATION.

REPORT FROM COMMITTEE.

BY THE ASSOCIATED PRESS-A.M.

WASHINGTON, Jan. 31.—The report from the majority and two minority reports were filed in the House from the Committee on Interstate and Foreign Commerce on the subject of rate legislation. The majority report supports the combination bill agreed on by the committee yesterday. Four members of the minority give their views in support of the Dyer bill, agreed on by the recent Democratic cause and Republican.

Rep. Shadeford of Missouri and Lamar of Florida voted in the minority.

Authorizing the construction of two revenue-cutter vessels on Puget Sound at a cost of \$500,000.

Providing for a tender of the twelfth lightship to the government.

Establishing a lighthouse near Santa Barbara, Cal.

The Senate at 3:55 o'clock went into executive session, and adjourned five minutes later.

#### HOUSE PROCEEDINGS.

BY THE ASSOCIATED PRESS-A.M.

WASHINGTON, Jan. 31.—HOUSE.—After a spirited debate over the subject of detail of retired officers, the House sent the Army Appropriation Bill to conference. All amendments were now concurred in by the House.

In the course of the debate, Mr. Hull said it was unfortunate that this legislation was made to appear as being directed against Gen. Miles.

Mr. Johnson of New Jersey, of the planking of shacks on Jefferson Davis during the Civil War, and said he shared the feeling of all Southerners concerning that action,

but if it was intended to punish Gen. Miles for what he did in those days, this was not the time to do it.

REPUBLICAN TO CAUCUS.

BY THE ASSOCIATED PRESS-A.M.

WASHINGTON, Jan. 31.—The Republicans of the House have decided to call a caucus to discuss the Republican members of the house to decide on a programme for railroad rate legislation.

AGAINST OBSCENE LITERATURE.

BY THE ASSOCIATED PRESS-A.M.

WASHINGTON, Jan. 31.—In the House, a bill was passed prohibiting express companies engaged in interstate and foreign commerce from carrying obscene literature. It extends to the transmission of such matter through the mails. The bill has passed the Senate.

WOODENWARE MEN COMPLAIN.

BY THE ASSOCIATED PRESS-A.M.

WASHINGTON, Jan. 31.—Complaint has been filed with the Interstate Commerce Commission by the Menasha Woodenware Company of Menasha, Wisc., alleging that the Atchison, Topeka and Santa Fe and a number of other railroads are imposing freight rates on woodenware which are unreasonable and discriminatory, in favor of competitors located in the vicinity of North Pacific terminals.

WORTHY NAMEAKE.

BY THE ASSOCIATED PRESS-A.M.

NEW YORK, Jan. 31.—George Washington Gutzkamp has proved himself a worthy namesake of the Father of his Country. George is 3 years old and was born in Fraunces Tavern, a historic building in Broad street, where Washington once had his headquarters. When a fellow smelted iron and gave the alarm. A hurried examination by men whom George summoned failed to disclose the cause of the smoke and the firemen were called. They tore up part of the floor and found several heavy oak beams smouldering, ready to burst into flames.

Wagon Drivers Strike Broken.

## SACRAMENTO. SET A TRAP FOR SENATORS.

*Loan Association Man Tells  
of His Scheme.*

*Investigation of the Bribery  
Charges Interesting.*

*Editor Robert Says Corbin  
Affidavit is False.*

BY THE ASSOCIATED PRESS-P.M.J.

SACRAMENTO, Jan. 31.—Long before 8 o'clock tonight, the time set for the investigation of the bribery charges against Senators E. J. Emmons of Kern, Harry Bunkers and Frank French of San Francisco, and Bill Wright of Santa Clara, the Supreme Court chamber, where the inquiry was to have been held, was crowded to standing room. While the largest portion of the crowd was clamoring for admittance, the special committee appointed to conduct the investigation came to order and soon after announced that the proceedings would be held in the Senate chambers. The Senate lobby was soon filled with a curious crowd and nearly all the members of the upper house occupied their regular seats. A large number of women filled the seats in the gallery.

The accused Senators took seats with their attorneys, and the law and building and loan associations, except the Continental, could secure immunity. If the Continental wanted to be protected

On opening the proceeding, Chairman Belsaw asked if William Corbin was present. Corbin came to the front of the Senate, accompanied by Attorneys Gould and Gavin McNab. Attorney Emmons said that inasmuch as Corbin had been sworn, he should be the first witness. Attorney McNab stated that his client, Corbin, was ill, and he requested that other witnesses be called first.

Attorney Gould declared he wished to present the case against the Senators just as though it were being tried in court.

**SECRETARY GRANGE'S STORY.** Clarence Grange, secretary of the Phoenix Loan Association, was called as the first witness. In telling his story he said:

"Joseph Jordan, a San Francisco newspaper man, called on me at my residence in San Francisco a week from last Sunday as the go-between for these accused Senators. He also called on me a week from last Saturday.

After exchanging compliments, Jordan informed me that the Committee on Compensation and Retirement of the State Senate had telephones out for the four big companies. He said the committee was open for business and wanted to know if I would pay anything for immunity. I told him that he would have to be a definite proposition from the committee.

"Jordan said he would have to see the Senators again. We then made an appointment for 2 o'clock for a week from last Saturday.

"Jordan said he could give all the companies immunity for \$2000, and that he wanted a commission of \$2000 for himself. He further stated that he could not guarantee immunity for the Continental association for less than \$3000.

"It was understood that all communications were to be signed 'Bill Newell,' went on Grange. "I then consulted with Mr. McNab, and he said the \$3000 was to be added to the \$2000, and delivered to the same person in the Mills building.

"BUNKERS GOT BUT \$200." "Last Friday I met Mr. Jordan at a hotel in Sacramento," went on Grange. "Jordan said: 'There is going to be trouble, for Senator Bunkers got but \$200.'

"I told him to tell Bunkers to wait a week."

"Did Jordan bring you any evidence that he was the emissary of the four accused Senators?" asked Chairman Bunkers.

"Well, he brought notices from the committee giving notices of the time of meetings."

"What are the big four building and loan associations referred to?" asked Senator Grange.

"The Continental, Renters, Pacific States and Phoenix," was the answer.

Grange then told of how Pinkerton detectives had been employed to lay a trap for Jordan and the accused Senators.

In answer to a question by Emmons's attorney, Grange stated that the negotiations to influence legislation were to be conducted through Senators Frank and Dwyer.

"I had been threatened with bodily harm and with newspaper attacks if I appeared in Sacramento to oppose the passage of bill No. 75. One of the men in the attorney's office was Otis, a building and loan association attorney of San Francisco. What Otis was seeking to do was to legislate us out of existence."

In order to stop the attorney representing the accused Senators, an opportunity to hold a conference a recess was taken at 9:30 o'clock. The counsel for the defense are J. L. Copeland of Sacramento, Thomas V. Cator of San Francisco, J. E. Alexander of San Francisco and F. C. Jacobs of San Jose.

**CONFERENCE WITH McNAB.** When the attorneys returned, Grange, in answer to questions by Attorney Cator, told of a conference with Gavin McNab a week ago yesterday, after he had been seen by Jordan.

"I told McNab of what I had been represented," said Grange.

"What did you tell McNab?" asked Cator.

"I outlined the method of giving money to the Senators," replied Grange.

"Did this scheme of trapping somebody originate in your mind?"

"It did not. Grange said, 'I had always determined to get anybody who endeavored to blackmail me into a hole,'" said the witness.

"Who is to stand the loss of this money?"

"George Perrine," said Grange. "McNab never had the money in his hands."

"Not that I know of."

"When did you raise the money?"

"A week ago last Monday."

"Who paid the expense of hiring the detective?"

"I don't know."

Grange then said in answer to ques-

ions that he had a conference today with District Attorney Seymour of Sacramento. A peal of laughter went around the crowded Senate chamber when Grange said:

"I did this work of laying the trap for the Senators, and I did not know my thunder was to be stolen by another company, as given in the papers. I was willing to lose the money for exposure but not for blackmail."

Answering further interrogations, Grange said: "I passed the money to a man in the rotunda of the Mills building when McNab gave a nod toward the right person."

"Because he knew me personally," admitted Grange.

"Did you reprove Jordan in any way?" asked Cator.

"No."

"Did you think Jordan was doing wrong?"

**OUT FOR BLACKMAILERS.**

"I certainly did, but I determined to trap the first blackmailer who approached me."

"Do you know whether the money passed beyond the hands of Jordan?"

"I do not."

"How is it you did not look after the evidence of the trapping of Senators?"

"I asked Jordan to tell me."

"What led you to suppose that the Senators were blackmailers?"

"When Jordan approached me with his proposition."

"In what shape was this money you handed the unknown party in the Mills building?" asked Senator Simpson.

"In \$50 and \$100 bills," answered Grange.

"How many times did Jordan call on you?"

"Three times, at my home."

"Did you mark the bills before you put them in the envelope?"

"I did not,"

"What was Jordan's name?"

BERLIN, Jan. 31.—[By Atlantic

movement, according to reports re-  
ceived by the German General Staff  
from Mukden, has not been comple-  
ted, but continues to develop, and the  
result cannot be forecasted.These reports, which deal largely  
with technical information without  
generalizations or descriptions, af-  
firm that the Russians have not at-  
tacked the Japanese left wing in force  
but that only skirmishes have taken  
place on that wing and that the

the Russians have abandoned their  
advance, the latest official dispatches  
received here indicate that the fight-

ST. PETERSBURG, Jan. 31.—Gen.  
Kouropatkin, in dispatches dated Jan-  
uary 29 and 30, reports that the Jap-  
anese losses in the recent fighting  
were very heavy, many being bayonet-  
ted and sabred. The total number  
of Japanese prisoners has not been  
ascertained but they already exceed  
three hundred.The Russian losses January 28  
among the advance posts were five  
officers and fifty men.Kouropatkin says the Japanese off-  
ensive was indecisive and that the  
Russians, who were in excellent spir-  
its, continue to hold the captured villages  
on their right flank captured during  
the recent fighting.The Russians, he, says, continue  
successfully to bombard Sandepas,  
where many Japanese have been  
prisoners.A telegram from Schilatum, dated  
January 29, states that the Russian  
losses from January 25 to 29 were  
18,000, but that the percentage of  
dead was small.The Japanese losses were very  
heavy. Over three hundred were  
made prisoners.

JAPS ADVANCE ON RUSSIANS.

ARE AFTERWARD REPULSED.

(BY THE ASSOCIATED PRESS—A.M.)

MUKDEN, Monday, Jan. 30.—[By Asiatic  
Cable.] This morning, the Japanese  
advanced on the Russian left, drove in  
the cavalry screen and bombarded the  
outlying hills. The Russians moved  
up reinforcements, repulsed the Jap-  
anese and drove them out of a village  
they had occupied.Constant streams of wounded men  
are arriving here from the right  
flank, including Lieut.-Gen. Mischenko,  
who is in excellent spirits and is  
receiving visitors. According to the  
official army organ, the wounded num-  
ber 3500. The cold is intense and the  
condition of the wounded causes the  
greatest anxiety, because the expos-  
ure of their wounds to the frost in-  
duces gangrene. Preventive precau-  
tions have been taken but the wounded  
are suffering the greatest pain.The Japanese are taking good care  
to see that the Russian rank and file  
are not left uninformed regarding the  
disturbances in Russia. They are  
carrying on a regular campaign to  
spread seditious and discouragement  
among the troops. Letters are daily  
thrown within the Russian lines declar-  
ing that all Russia is afire with  
riot and revolt, arguing that the sol-  
diers are shedding their blood in vain  
and calling on them to surrender or  
desert. The soldiers eagerly read and  
discuss these communications, es-  
pecially accounts of the events at St.  
Petersburg January 22. The soldiers  
hope is expressed on all sides that the  
Russian nation will forgo internal  
differences and not play into the hands  
of the Japanese.

County Educators to Fight Pending Legislation.

Mark Keppel's Amendment is to be Presented.

Los Angeles Wants Her Part of State Fund.

County Superintendent of Schools Keppel is the father of a scheme for the distribution of the distribution of the State school fund, in opposition to the bill now pending before the Legislature and raise a mighty howl in San Francisco.

At a meeting of the local superintendents of schools held yesterday afternoon in the library room of the County Superintendent, his programme was heartily endorsed and Mr. Keppel was appointed a committee of one to go to Sacramento to fight the bill now pending. He will leave today.

Keppel's counter-scheme provides for the distribution of the State school funds on the basis of the total number of months taught in each county by all the teachers. The scheme has the intention to attempt to tack an amendment on the bill now pending which will introduce this method, or at least secure a compromise. If this fails, an entirely new bill will be presented and the matter will be fought out on its merits.

The bill now pending provides \$300 from the State school fund for each teacher allowed by law in every county, but it was the consensus of opinion at the meeting yesterday that this is a safe and that it does not express the Governor's idea as closely as it should.

The issue was brought up by an attempt of the school men to obtain more money from the State for the support of their schools. They went into the matter thoroughly and decided that no more money could be allowed for the reason that the tax rate would not stand it. In his investigations the Governor discovered that the districts that received \$400 for example, that received \$300 in Alpine county were allowed \$243, those in Los Angeles county \$342, while the teachers of San Francisco were allowed \$868, under the present method which distributes the State school fund of \$6,000,000 for each school child.

If the bill now pending before the Legislature is carried Los Angeles county will lose from its State stipend \$27,000, figured on last year's basis, or even more than this amount if figured on the new basis. The Governor proposed to the Governor that the bill framed by State Superintendent of Schools Kirk, at his request, should make the loss fall on those counties that were getting more than they are entitled to. Under the new plan, Los Angeles would get \$36,000 for teachers she does not employ, while Los Angeles would get nothing for 341 teachers which she does employ that are not provided for by law.

### SAN FRANCISCO'S SNAP.

By San Francisco is allowed \$300 teachers who are not employed but San Los Angeles is allowed 790 teach-ers, but she employs 1121. The result is that while Los Angeles is educating the same number of children as San Francisco, she would get \$6,000,000, while San Francisco would get \$6,000,000.

The 133 school districts in Los Angeles county, while San Francisco is taken as one district. Last year Los Angeles county received 12.3 per cent of the State school fund, while San Francisco 4.6 per cent of the children of the State. San Francisco received 22 per cent of the fund, but only educated 17 per cent of the children. In the whole State 50 per cent of the children are being taught in the public schools.

It happened that Billy Faber is a friend of the new partner. He lost not only his job but his home and his wife told the officers. The young couple was trailed and Sunday afternoon Steamer J. S. Higgins, Capt. Higgins, from Fort Bragg, and William H. Smith, Capt. Hansen, 30 days from Everett.

"Oh that will be all right," was the reply, "will take it to the house" (using the name of the Santa Monica pal.) He was then told of the calf stealing which had been reported to the officers and how easy it was.

After further talk the two separated, with a parting adhesion to the new partner to "get a gun and shave it in Stevens' face and we'll do the rest."

A run in the city jail made a hole in the roof of Justice Austin's courtroom yesterday almost large enough to escape through, and the broken glass rained down on the desk of Clerk Stockwell twenty feet below. The force of the fall glass was shown by deep indentations made in the top of the hard wood desk.

## Accidental Death.

When he saw that the car was carrying him by, he stepped off the platform and was hurled to the ground.

## THE PUBLIC SERVICE—OFFICIAL DOINGS.

## SUMMARY OF THE DAY.

Heads of Municipal Departments yesterday registered a joint protest with the Civil Service Commission against the practice of supplying but a single name to fill a vacancy.

"Holy Jumpers must keep off the streets," says the Police Commission.

Three professional pickpockets were arraigned in the police court.

The contest over the children of Prof. Horatio A. Warren ended in a fiasco yesterday in Judge Wilbur's court. The husband consented that his wife should have the little ones.

Mrs. Katharine Evans of Pasadena obtained a divorce yesterday from her husband.

## AT THE CITY HALL.

DO NOT LIKE  
"ONE MAN RULE."

DEPARTMENT HEADS SAY IT IS  
TOO DRASIC.

Civil Service Board Petitioned to Discontinue Practice of Sending Name of but One Applicant for a Position—Claim That Rule Confers Appointive Power on Commission.

Heads of twelve municipal departments yesterday registered a joint protest with the Civil Service Commission against the "one-man rule" adopted a year ago by that body.

This formal protest is regarded by some as a cry for quarter on the part of the department heads and by others as a note of warning.

The charter provides that the Civil Service Commission shall provide the head of a department with "one or more names not exceeding three, standing highest on the register," for filling each vacancy.

Under the "one-man rule" of the commission, only one name is supplied to fill a vacancy. This places the appointive power directly in the hands of the Civil Service Commission, giving the department head no jurisdiction whatever over regular members of the police force.

Miklauchutz charged Officer Vassar with taking \$20 from one aristocrat woman and \$25 from her male consort. Vassar admitted to Captain Auble that he had borrowed \$25 from the man, but had nothing to do with the suppression of vice in the red light district. Kristovich was also implicated.

Joseph Ringenwalt and Sophie Duhaud, two creatures of the slums who had been summoned as witnesses, failed to appear. Captain Auble reported that they had fled the city. He gave his statement to Ringenwalt purporting to show that the two of the accused officers had offered to supply him with money to get out of town.

Attorney Todd, representing Officer Kristovich, presented an array of witnesses who testified to an excellent alibi for Todd's client.

Strong objection was taken to this practice by the department heads, the names of E. E. Johnson, City Tax and License Collector; Harry Stafford, City Engineer; L. M. Powers, Health Officer; W. H. Workman, City Treasurer; J. H. Parker, City Clerk; J. E. Bowley, City Boiler Inspector; R. H. Mansfield, City Electrician; Evan Lewis, City Assessor; J. W. Trueworthy, president library board; L. H. Edwards, City Auditor; John C. Fay, Jr., president Board of Water Commissioners.

Numerous bits of the charter are quoted in the protest, with the evident object to show that the practice adopted by Civil Service Commissioners is not in accordance with the spirit of the charter or of civil service.

A part of the argument advanced in favor of the submission of more than one name is as follows: "It is to be admitted that of any two or three competent men one is usually a little better fitted for a certain position than the others—and that of several equally competent men it may always be said that one is better fitted for a certain position than the other."

The charter gives the head of a department the right of exercising such preference, and we think he should be allowed to use it openly, and not by indirection or subterfuge.

We respectfully request that, so far as our respective departments are concerned, you will, when the condition of the eligible list permits, certify at least two names in response to such notification of a vacancy to be filled.

The request of the department heads is to the effect that the departmental heads be allowed to make their selection of the eligible list.

**HYLAND OUT  
IN FIFTEENTH.**

*Is a Stayer, but Cannot Class With Neil.*

*Has Champion Groggy Twice and Then Weakens.*

*Sartori Wins Daytona Handicap—Exciting Race.*

(BY DIRECT WIRE TO THE TIMES)  
PAVILION, SAN FRANCISCO, Jan. 31. — [Exclusive Dispatch.] Frankie Neil demonstrated his superiority over Dick Hyland, the latest aspirant for championship honors, very impressively at Woodward's Pavilion tonight. Although the newcomer was game and made a much better showing than had been expected of him, he was clearly outclassed from the start, both as a boxer and a puncher. He had the champion power on two occasions; it is true, but in each instance this was due to Neil's carelessness and overconfidence.

From the opening round, it was apparent that Neil would prove the winner, and that it was only a question of rounds. When the fight was in earnest, few if any of the spectators believed it would last ten rounds, hence Hyland deserves well as "a stayer," at least.

For the first four rounds Hyland stood right up to the champion, giving and taking punishment毫不动容. They were at close quarters most of the time, and Neil played almost exclusively for his opponent's face and jaw, while Hyland relied on body blows. Seeing that he was getting the worst of this style of fighting,

Hyland, whose right eye had been closed in the first round, essayed swinging tactics. While he missed more than he landed, the blows which got home did damage, and twice Neil was on the verge of collapse when the gong rang at the end of the rounds. The champion, however, was cool, and rallied quickly, consequently his was the advantage when they resumed hostilities.

At the close, Hyland weakened under a terrific jabbing, and then Neil slugged with both hands. In the fifth round he dropped Hyland with a right hook to the jaw; Hyland took the count, but staggered to his feet in his corner. Leaning sickly against the post, unable to raise his hands, he took blow after blow, Neil being unable to drop him. Finally Neil drew back for a rush, and Hyland swayed forward just as the champion's right came across to the jaw. This was the climax, as Hyland went down and out.

After ten rounds of terrific milling the preliminary between Jack Cordell and Joe Angell was declared a draw.

more than doubling in the short today, as the Times aptly says. Los Angeles may properly be described as the hub of the great Southwest. It is the natural financial and commercial center of all the great mining and trading enterprises that are in operation, or about to be undertaken, in the Southwest. It is a territory that extends from Fresno, the north to El Paso and Sonora, the south.

In commercial activity, manufacture and the necessary civic improvements in the way of well-equipped streets, public buildings, lighting plants, etc., Los Angeles has taken a position which has made her the source of energy of many of the cities of greater magnitude in the entire West.

The Times has given space with the greatest life and energy of the city, has taken its well-earned place with the greatest cities of the country, and will grow alike in importance, power as the city advances and takes a position among the great manufacturing centers of the country. In its wealth of illustrations, well-written special and general news matter, the Times has shown that its working material is the best the country affords, and that its prosperity is assured.

"The gospel brings joy—a tender heart. Looking at a picture in one of the great galleries, I saw crowds of people collected in front of a easel, and the picture was moving with emotion. As they walked away, they looked back with tears in their eyes.

"It was the picture of a very humble home with a sick baby in it. Sorrow was on the face of the mother and of the father, who had just entered the room, saying: 'The mortgage is foreclosed.'

"No wonder the people were interested in the picture, because it represented a home of which they were not ashamed. It was the old home, on the walls of which were the prints of the little fingers of the baby which afterwards took a large place. The lesson was that home that father and mother kissed the baby finger prints on the wall."

"So we are not ashamed of the home of our souls, for Jesus Christ is our refuge."

## AFTERNOON MEETING.

## INTERESTING INCIDENTS.

One of the unexpected results of the revival meetings in this city came to light at the first afternoon meeting held in the First Methodist Church yesterday.

Rev. S. T. Montgomery, chairman of the district, announced at the close of the service that he desired to meet the ministers who might be present in order to deliver to them cards that had been stored at the evening meetings, by persons expressing a church preference. Mr. Montgomery said before sitting down:

"If there is any person here from St. John's Episcopal Church I have cards for them, and also for Christ Episcopal Church. I have cards for the Catholics here. I have cards for them also."

Rev. George Foster told an interesting story of a bit of personal work that came to his hand on Monday evening. He had come home to remain for supper and when he came out was accosted by a gentleman who said that he had once heard him preach.

"Want you to meet my wife," the stranger said, and Mr. Foster took a buggy standing at the curb.

After first salutations and some inquiries concerning the revival meetings Mr. Foster asked the lady whether she was a Christian, to which she answered in the affirmative.

"Are you?" said the preacher, turning quickly to the husband.

"No, I am not."

Mr. Foster then on the sidewalk presented the case to the man, who leaned his elbows on the wheel of the buggy, buried his face in his hands and prayed aloud to God for forgiveness.

The wife prayed and thanked God that her husband had been moved to speak, and the preacher sent up a petition for his conversion. The stranger professed a full belief in the next moment and promised to henceforth live a Christian life.

The topic of the afternoon was treated by Dr. Chapman under the title: "The Second Mile." He took up his text Matt. 5:41-43, and when he came to the part where it says, "If any man come to thee to go a mile, go with him twain." The talk was an earnest appeal to people to live cheerfully, act kindly, do all that is expected of them, and above all, do all of all have the heart filled with the love of God.

The church was about half filled.

Fred Butler sang with pleasing effect, "Face to Face," bass solo, and Charles P. Allen skillfully led the congregational singing.

## BIBLE READINGS.

## HELD AT VERNON.

The Vernon Methodist Church was well filled yesterday afternoon by a congregation which was instructed in Bible readings by Evangelist Walton. Testimonies concerning were made on the passages presented, and the whole was revolting in spirit. Mr. Fugle sang solos, and there was good congregational music. Afternoon meetings will be held in this church on Thursday and Friday, at each of which Mr. Walton will speak.

## BOY STOPS BULLET.

Said to Have Been Intended by Colored Man to Murder His Wife.

While struggling with his brother-in-law, George Trammel, to secure possession of a revolver with which Trammel was trying to shoot his wife, Jeff, Trammel, colored, a bellboy at the California Hotel, shot in the left groin last night at his home, No. 82 Tennessee street, and was severely but not dangerously wounded. At the Parkview Hospital he tried to make it appear that the shooting was accidental.

Russell said the family was in the dining-room eating a late supper at 11 o'clock last night when they began teasing Trammel. This so enraged the latter that he threatened to "clean out the place." With another woman, Mrs. Trammel went into a front room and closed the door, her brother accompanying her. Trammel came to the door and demanded that it be opened. He was asked if he intended to "clean out" the wife, and replied that he would "fix" her. Fearing danger she crawled under the bed. Her husband was admitted, saw her feet, and dragged her out. As she was about to rise, he drew a revolver and tried to shoot her. Before he could fire, his brother sprang upon him and the two men began struggling for the gun. Trammel plucked the weapon from Russell and just as he fired Russell knocked it aside and the bullet entered below the left groin. Russell admitted the bullet was intended for his sister.

Trammel escaped from the house but was captured an hour later. He denied that he tried to kill his wife, but all the other witnesses tell another story.

A discharge from bankruptcy has been granted to S. F. Morse, one of the partners of the failed firm of Daniel J. Kelly & Co., which was based in the United States District court at New York. Morse is relieved of partnership debts of \$4,500,000 and individual debts of \$21,500.

## Los Angeles County—Its Cities and Towns.

(NEWS REPORTS FROM TIMES CORRESPONDENTS.)

## THAT THOUSAND IS A PUZZLE.

## PRIZE FOR PASADENA'S POLICE BARRED BY CHARTER.

Commissioners Trying to Find Safe Way to Bestow Eddy's Reward for Good Service—Spanish Bum Man Again Heard from—Albuquerque Sister's Daughter Becomes Bride.

PASADENA. Office of The Times, No. 20 South Raymond Avenue, Feb. 1.—A special meeting of the City Commissioners was held yesterday to discuss the \$1000 William S. Eddy presented to Chief Freeman and Capt. Austin in recognition of their services in recovering his \$20,000.

The commissioners found that there is a provision in the city charter whereby "no officer or employee of the city shall receive or accept, at any fee, reward or compensation, for the discharge of any duty of his office or from any person or corporation other than the city." On Monday the commissioners voted to let Freeman and Austin divide the check, but yesterday they were compelled to rescind this action and last night the police were looking for Eddy to return the check to him. The matter will not be dropped, however, and an effort will be made to get the money to the city. The City Attorney will be appealed to. Perhaps the city will accept the check and then pay it to Freeman and Austin, which would be one way of accomplishing the desired object.

SPANISH BUMO MAN. For the third time in a few months a Spanish bum artist has tried to open a Pasadena art gallery. During the last two weeks he has been a pest of hotels and restaurants, and requests protection for his daughter, who is 14 years old. He said he had decided to bring his daughter to America, when he was suddenly condemned to sixteen years' penal servitude, and that he had been given a large sum of money, unspecified. The man then asks for funds to raise the embargo which was made for the costs in his case.

## WEBS IN ALBUQUERQUE.

The marriage of S. O. Andrus, a Pasadena man, and Miss Neil Flournoy, took place last night in Albuquerque, N. M., at the home of the bride's parents, Mr. and Mrs. M. W. Flournoy. Following the ceremony, the bride and groom left for this city. The wedding, which was planned to be a brilliant one, was very quiet on account of the recent death of Mrs. C. K. Newhall, an aunt of the bride. Mrs. Andrus is a daughter of the First National Bank of Albuquerque, and her wedding gift to her father was a \$10,000 check.

## CITY MONEY JUGGLING.

Former City Auditor George F. Kerigan claims the Mayor and City Council have been juggling city money in a way that will sooner or later bankrupt the municipality. Kerigan, in a speech to the Council of young men, said some of the available funds that is necessary to meet some of the maturing bonds and interest, and he says they do this in order to score more money for running the city. The amount of this money is not known by the limit in the charter—\$100 of assessed valuation—that they put many thousands of dollars in the general fund and then tax the people to pay the bonds that have been paid off that should have been paid with this bond money.

## GAY SOCIETY MONTH.

There is every indication that February will provide more gayety for the smart set of Pasadena than the month just past, and already dates have been set for several noteworthy events. Mr. and Mrs. Fred Elmer Wilcox will have invitations for large dates at their handsome home, El Reino, South Orange Grove avenue, for Wednesday, Feb. 14.

Dr. Albert E. Carroll sent an invitation for luncheon at the Country Club complimentary to Mrs. Harvey, who has recently built a beautiful home on Orange Grove avenue, the date or the function to be determined.

On the evening of this day, Mr. and Mrs. Thaddeus Lowe will give a large reception and ball at their home on Garfield avenue in honor of Prof. and Mrs. S. C. Lovett of Foothill College. The ball will be the fiftieth anniversary of Prof. and Mrs. Lowe's wedding day.

The charity ball will be held Thursday evening, February 16, at Hotel Roosevelt, and there the young people of the hotel will give a valiant effort.

This afternoon Mrs. E. B. Hosmer gave a large tea to her friends and the members of the Homecoming Committee of Hotel Green. Music will be furnished by a stringed orchestra, and elaborate collation will be served in the colonial dining-room adjoining the tea room.

Mr. and Mrs. Fred Elmer Wilcox, who have been giving a series of dinners Tuesdays of each week, will entertain a distinguished party of eastern visitors at their home on Orange Grove. The invitation was extended to Mr. and Mrs. W. H. Ward and their guests, Mr. and Mrs. Pittsburg. Mr. and Mrs. Charles Russell completed the dinner, which was laid for eight.

The day before, Mrs. Fred Elmer Wilcox, who have been giving a series of dinners Tuesdays of each week, will entertain a distinguished party of eastern visitors at their home on Orange Grove.

The house was prettily decorated with potted plants, and the gold table service, which was used instead of the silver, was a great success.

Grand M. H. Merriam entered yesterday evening at their home on Orange Grove avenue in honor of Mr. and Mrs. W. H. Ward.

The invitations were extended to three hundred guests, most of whom were Spanish.

The house was prettily decorated with potted plants, and the gold table service, which was used instead of the silver, was a great success.

The Rivera ball team defeated the Ondinas yesterday in an eleven-inning game, scoring 3 to 4.

SPANISH DANCE REPETITION.

In deepest contrast to the recent production by the Ben Greet Company the Merchant of Venice will be the main performance in the Lowes Auditorium, which gave general satisfaction two weeks ago. So successful

that entertainment that, begin-

ning the next morning, requests began to come to the women of the Shakespeare Club who were in charge of the affair, asking an audience. As many of the members of the little band of twenty dancers were working people, it took time to arrange for a suitable date, but the fascinating dances will be given again Friday evening, the performance beginning at 8:30. Not only will all of the original features be presented, but several new and attractive numbers will be added.

TOWN TIPS.

At the City Council meeting yesterday the City Publishing Company was given the city-printing contract for the ensuing year at 65 cents per inch for the first insertion and 50 cents per inch for each successive insertion.

The funeral of Arthur D. Walton, who died at Sierra Madre last Thursday, will be held this afternoon at 3:30 o'clock in the parlor of Adams, Turner &amp; Stevens.

Burton Holmes lectured last night at the Y. M. C. A. on the "Russian Empire."

The Council yesterday voted to introduce an entirely new ordinance on the milk question.

## BURGLAR JUST MISSES HATCHET.

SUNNYSIDE, Jan. 31.—Women of this embryo town are setting a new style for the reception of early-morning callers. Not long after 2 o'clock this morning while it was still dark down Gardena way, and there was not then a star twinkling up over Howard Summit, Mr. and Mrs. J. V. Wolfrum were rudely disturbed by a man trying to enter their house through a window.

The dwelling is a new one, not yet completed, the paper stretched across the window is a simple substitute for glass. Through this paper at one of the windows the burglar's hand was thrust. Then he seemed to take alarm for he withdrew. Again the intruder's hand came through the water-like wall.

Three times he tried to enter the building by the window way but each time he retreated.

Meanwhile Mrs. Wolfrum stood with revolver nicely poised in one hand and a hatchet in the other in the other.

These were performed bravely and a few remnants of burglar in prospect, but they failed to materialize.

Several other residents of the community reported having had visits from burglar lately, but it appears to have got no plunder. No one seems to have a description of the fellow.

## CATALINA ISLAND.

VISITORS ON SEA-GIRT GEM.

AVALON, Jan. 31.—Dr. Charles U. Eastman, Sioux Indian lecturer who recently came from Amherst, Mass., in company with Prof. F. C. Brackett of Claremont College, has been spending several days on the Island, a guest at Hotel Metropole. Dr. Eastman is in the employ of the government and is now on a mission to the Indian tribes of the West, a part of which is the giving of civilized names to the red men so that they may be able to hold property. He was greatly interested in the relics and remains of the original inhabitants of Catalina, and he and Prof. Brackett chartered the Magic Island boat to go to the Island.

A young man named Clifford, an orphan, who has been employed on the launch Wilma, hurt his leg last Friday while engaged on the boat.

The man, who was thought to be the assistant, but after a few days, when the leg continued to swell, the friends of the boy became alarmed. A physician was called yesterday. By heroic treatment he said he might prevent gangrene but he pronounced the injuries severe through delay in treating the wound.

EVENTS IN  
SOCIETY.

**M**RS. MARSHALL HINMAN of New York was guest of honor yesterday at a handsomely appointed luncheon given by Mrs. Alfred Solan of No. 282 South Figueroa street. On a shining mirror was a tall cut-glass vase filled with fragrant Easter lilies and surrounded by violet yellow daffodils and wide-eyed violets mingling with delicate ferns. Violet shaded lights cast a radiance over the table, while ferns fell in airy tracery over the silken cloth. At each place small French baskets of yellow, overflowed with blue-petaled violets, and cards were marked with the hostess's monogram in gold.

Seated about the lovely table were twelve handsomely gowned women, and repartee flew right merrily the afternoon through. Guests included Mrs. Miles M. Potter, Mrs. John E. Platter, Mrs. M. E. Briggs, Mrs. H. A. d'Achuel, Mrs. Keene, Mrs. John G. Monson, Mrs. I. N. Van Noy, Mrs. J. S. Shannon, Mrs. Horner Laughlin and Mrs. William G. Nevin.

## Visits Los Angeles.

Miss Claire Soule of San Bernardino has been for the past week the guest of Miss Georgia Caswell of West Twenty-third street. Miss Caswell, who has often spent summers here, is a graduate of Stanford University, and a member of the Kappa Alpha Theta Sorority. While there she took high honors in several social organizations, herself in the junior and senior foyers, taking the parts with much cleverness. Miss Soule is a handsome girl, with coils of burnished gold hair, and a winning manner, which won her for many friends. She returns to San Bernardino this weekend to teach in the San Bernardino High School.

## First "At Home."

Mrs. William Parrish Jeffries of No. 278 Arapahoe street will be "at home" on Saturday afternoon, February 5, for the first time in her new home. She will be assisted in receiving by her mother, Mrs. Stephen C. Hubbell, Mrs. Alfred Solan and Mrs. Earl B. Monson, and the Misses Margaret and of the Fale, May Hubbell, Kate Van Noy, Echo Allen and Bess Millar. The following Friday Mrs. Jeffries will be "at home again," and a number of other friends will assist.

## Complimentary Luncheon.

Mrs. Ralph H. Holmes of No. 1841 West Twenty-fifth street entertained with a prettily-appointed luncheon yesterday in honor of Mrs. Walter Bound of the city, who is a member of the Hotel Green, Pasadena. In the center of the table delicate pink carnations and maidenhair ferns were gracefully arranged, and places were marked with small hand-painted cards. Mrs. Godfrey Holterhoff, Mrs. William Watson Lovett, Mrs. William H. Schewpke, Mrs. James T. Fitzgerald, Mrs. George E. Coleman and Mrs. Ralph Wood of San Francisco.

## Opening Reception.

The cozy new home of the Brownson House Settlement workers was opened yesterday afternoon, with a large number of those interested in the work present to view the pretty building, and all the allure of the soft, new home. The house is built in the low, rambling California fashion, with diamond-shaped panes throughout, and finished in dark natural wood. Entering the broad hall, one goes directly into a large sun-room, surrounded with small sun-giving windows, where a great fireplace of clinker brick is wrought, and here a cheery fire is burning. This room, by means of folding doors, can be turned into three class rooms, and in the extreme end is placed the beautiful little altar, which Miss Mullen's beneficence made possible. Yesterday this small room, which is the guest of her uncle, Capt. Mackay, and son of Mrs. Alphonse Morgan have moved to a new address, Hollywood, where Mrs. Morgan will be at home on the second and fourth Wednesdays.

Mr. and Mrs. Johnson Puterbaugh and son of San Diego are visiting Mrs. Fairbanks at her home, No. 1224 Arapahoe street. Mrs. Fairbanks will be at home on the first Friday of each month.

Miss Edward L. Doheny of No. 8 Chester Place has returned after a seven weeks' stay in Mexico. Mr. Doheny came with her but will remain only a week or so.

The dinner to be given by Mrs. John E. Platter on Saturday evening will be at the Hotel Green, instead of at the Country Club as stated yesterday. Charles E. Kelso entertained at Cumbuck Hall.

Mrs. A. M. Coleman of No. 737 Bonnie Brae street has as her guest, her niece, Mrs. Allyn B. Warren of Chicago. In honor of Mrs. Warren, Mrs. Coleman will receive informally on Friday afternoon, with a dance last evening at Cumbuck Hall.

Hyomei the Only Cure for Cataract  
Which Returns Your Money if  
Not Satisfactory.

Hyomei is the simplest and most convenient remedy for cataract ever offered to the public. Breathed through an inhaler so small that it can be carried in the vest pocket, for a few minutes four times a day, it will absolutely kill all the germs of cataract and cure the disease. Cataract cannot exist where Hyomei is used. It has a twofold action, killing all the germs in the air passages and lungs and soothing and healing the irritated mucous membrane.

Some of the most prominent men and women of the country have gladly given testimonials to Hyomei. After seeing relief in vain for years this wonderful remedy has cured them of cataract, and it is no wonder that they want others to know of it.

The complete outfit of Hyomei costs but \$1.00 and consists of an inhaler, a medicine dropper and a bottle of Hyomei. Druggists everywhere are authorized to refund the money should a Hyomei outfit and one extra bottle fail to afford relief. If the druggist from whom you bought does not care to do this, mail the inhaler to the R. T. Booth Co., Ithica, N. Y., and they will refund the money at once. Mail orders for Hyomei promptly filled on receipt of price.
